

Safe & Easy

A complete and patented
packaging solution for paediatric syrups

Safe&Easy Main benefits for consumers and producers

Clear

A single partner for a **complete and integrated packaging solution**.

Higher safety for the child

The perfectly integrated design between the bottle and the plug **prevents the accidental ingestion** of the plug **or accidental poisoning** due to drug overdose of the child.

Easy

The **notches on the dosing syringe** always **remain visible** during administration of the drug, **ensuring a perfect reading of the dosing level** of the syringe.

Clean

The system is **designed to avoid liquid leakage** during use, keeping the packaging perfectly clean.

Application

- Paediatric syrup
